

LANI Creatives website design concept, scope and KPIs

Objective:

The website should establish LANI Creatives as a premium African creative, cultural and experience platform operating across storytelling, culture, media, events, heritage preservation, creative enterprise and innovation.

ACB@50 becomes the inaugural signature project through which visitors experience the full depth of LANI Creatives' work, from concept to execution, content creation, guest experience, branding, and legacy documentation.

The website should generate future commercial opportunities by converting visitors into enquiries.

Recommended Website Structure

1. Home

The homepage should immediately communicate:

Ideas That Move Culture. Creativity That Drives Impact.

Hero video featuring:

- Arts
- Culture
- Film
- Events
- Creatives
- ACB@50
- Community engagement

Sections:

About LANI Creatives

Short positioning statement.

KPIs

Area	KPI
Strategy	Translate LANI Creatives positioning into a premium commercial website
Content Architecture	Create intuitive site structure and user journeys
Branding	Consistent visual identity across all pages
ACB@50 Showcase	Develop flagship case study section
Lead Generation	Integrate enquiry and contact forms
Mobile Experience	Fully responsive across devices
Performance	Fast-loading pages and optimised media
SEO	Basic SEO structure and metadata
Content Population	Upload all approved text, photos, videos and collateral
Analytics	Implement visitor and enquiry tracking
Documentation	Provide handover guide and admin access
Delivery	Launch site according to agreed timeline

Success Measures

- Website launched before ACB@50 events.
- All event collateral links to the site.
- ACB@50 fully documented as a showcase project.
- Site becomes the primary digital portfolio for LANI Creatives.
